

## Virtual Citizens Advisory Council

As far as students wearing masks at school is concerned, please select the option that you believe is best for your child while at school?

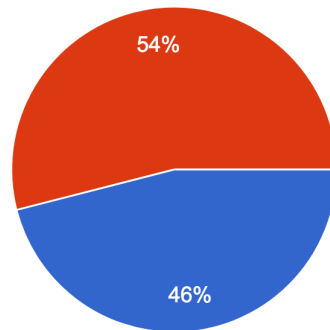

51 responses

- Masks for all students in Preschool - 12th Grade.
- Masks for all students in Grades 3 - 12.
- Masking should be optional.
- i definitely think masks should be mandated, but many students (mainly in the highschool) will not listen and choose to do what they want. i think for students with the vaccine it should be optional. for students who have chose...

Would you be in favor of establishing a threshold of 7% of the students being positive in a school before requiring masks?

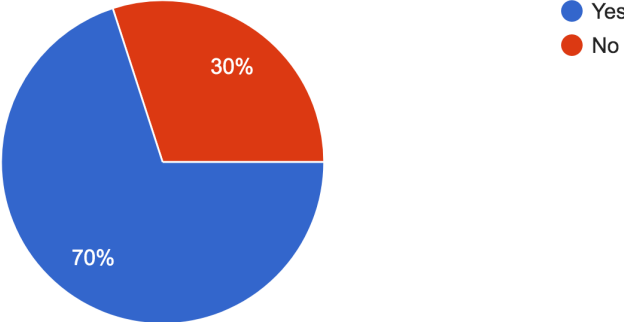

50 responses

- Yes
- No

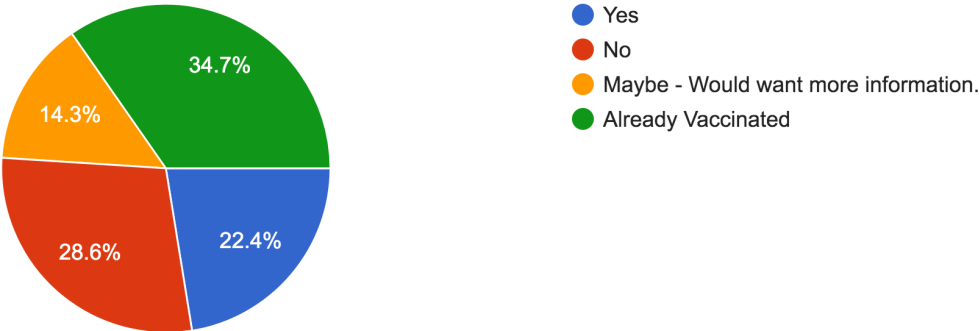

The rule for quarantines has changed this year. If a student wearing a mask is positive and a student who was exposed to this person is wearing a mask, the exposed student will no longer be quarantined as long as they are both wearing a mask. Know this, would you support masks being required in order to keep kids in school?
